## ORDINANCE NO. 2020-03

### AN ORDINANCE AMENDING THE LIQUOR CONTROL ORDINANCE

WHEREAS, on March 19, 2020, in response to the outbreak of COVID-19, the Illinois Liquor Control Commission [the “Commission”] issued an order addressing the Temporary Delivery of Alcoholic Liquor, in order to promote social distancing; and,

WHEREAS, in response to the outbreak of COVID-19, the State of Illinois has declared all counties in the State a disaster area, by Executive Order of the Governor, dated March 20, 2020; and

WHEREAS, the Jackson County Liquor Advisory Board has considered the Commission’s proposal and has recommended that the Jackson County Board consider the implementation of the Commission’s temporary regulations in Jackson County.

WHEREFORE, BE IT RESOLVED, that the Jackson County Liquor Control Ordinance, Article 6 [Regulation of Operations], is hereby amended to add Section 8 [Delivery of Alcoholic Beverages], authorizing delivery of alcoholic beverages for a temporary period, as follows:

#### Section 8. Delivery of Alcoholic Beverages.

- a. All Licensees shall be authorized to conduct packaged sales, “to go” sales, curbside deliveries, home residential deliveries, and any other sale or delivery intended to promote social distancing (“Temporary Deliveries”).
- b. All alcoholic beverages must be in Original Packaging (as defined by Paragraph N of Article I, Section 2); sales of beer by Microbreweries shall comply with 235 ILCS 5/6-6.5 (using sealed growlers/crowlers).
- c. No consumption of alcoholic beverages shall be permitted on the premises of the Licensee.
- d. Licensees may not conduct Temporary Deliveries of any alcoholic liquor they are not normally authorized to sell to non-licensees.
- e. Licensees are not authorized to sell or deliver pre-mixed cocktails normally intended for on-premises consumption (e.g. pre-mix margaritas, sangrias).
- f. Temporary Deliveries are only allowed by employees of Licensees; Licensees may not use third-party delivery services to make Temporary Deliveries.
- g. All Temporary Deliveries shall require the delivery representative to observe the appearance of the delivery recipient at a safe social distance and, if necessary, require the examination of the recipient’s identification to ensure the recipient is over twenty-one years of age. If such observation of the recipient or recipient’s identification cannot be accomplished while respecting safe social distancing, the alcoholic liquor shall be returned to the Licensee’s premises, and the prospective purchaser provided with a full refund.

THEREFORE, BE IT FURTHER RESOLVED,

Only a person who complies with the requirements of this ordinance shall be entitled to receive and retain such a permit. Permit shall not be transferrable from one person to another person or place. A valid permit shall be posted in a conspicuous place in every food-service establishment in view of the consuming public.

Permits for permanent food-service establishments and retail food stores shall be issued according to the following schedule:

- for taverns, restaurants serving liquor, retail food stores, and food service establishments which the Health Authority considers "seasonal" in nature - July 1 and expire June 30 of the following year.
- for all remaining food establishments not fitting into the preceding category and schools - January 1 and expire December 31 of the same year.

In either case above, if the permit is issued after July 1 or after January 1 respectively, the permit shall expire as the same date as other establishments in its category. The permit fees shall be accordingly prorated. Permits for temporary food-service establishments and temporary retail food stores shall be issued for a period of time not to exceed 14 days.

- a. ISSUANCE OF PERMITS: Any person desiring to operate a food-service establishment or a retail food store or to renew an expired permit shall make written application for a permit on forms provided by the Health Authority. Such application shall include: the applicant's full name and post office address and whether such applicant is an individual,

firm, or corporation, and, if a partnership, the names of partners, together with their addresses shall be included; the location and type of the proposed food-service establishment or retail food store; and the signature of the applicant or applicants. If the application is for a temporary food-service establishment or temporary retail food store, it shall also include the inclusive dates of the proposed operation.

Upon receipt of such an application and the established fee, the Health Authority shall make an inspection of the establishment to determine compliance with the provisions of this ordinance. Except when the application is for a temporary permit, a probationary permit shall first be issued in accordance with this sub-section. Before the expiration of the probationary permit, the establishment shall be inspected during the establishment's regular business hours by the Health Authority to determine compliance with this ordinance. If at the end of the probationary permit the Health Authority is satisfied the establishment is in compliance with this ordinance, an annual permit, in accordance with this ordinance, shall be issued. Alternatively, notwithstanding the preceding sentence, the probationary period may be extended at the discretion of the Health Authority. When inspection reveals that the applicable requirements of this ordinance have been met, a permit shall be issued to the applicant by the Health Authority.

- b. **RENEWAL OF PERMITS:** Whenever the inspection for renewal of a permit reveals serious or repeated violations of this ordinance, the permit will not be issued and the Health Authority shall notify the applicant immediately thereof. Such notice shall state the reasons for not renewing the permit. Such notice shall also state that an opportunity for a hearing shall be provided for the applicant at a time and place designated by the Health Authority. Such hearing shall be scheduled not later than 10 days from the date of the notice. A permit which has expired shall be removed from the establishment by the Health Authority.
- c. **SUSPENSION OF PERMITS:** Permits may be suspended temporarily by the Health Authority for failure of the permit holder to comply with the requirements of this ordinance. Whenever a permit holder or operator has failed to comply with any notice issued under the provisions of SECTION I of this ordinance, the permit holder or operator shall be notified in writing that the permit is, upon service of the notice, immediately suspended and that an opportunity for a hearing will be provided if a written request for a hearing is filed with the Health Authority by the permit holder.

Upon suspension of the permit, the permit shall be removed from the establishment by the Health Authority and returned to the Health Department. Notwithstanding the other provisions of this ordinance, whenever the Health Authority finds insanitary or other conditions in the operation of a food-service establishment or retail food store, which, in his judgment, constitute a substantial or imminent hazard to the public health, he may without warning, notice or hearing, issue a written notice to the permit holder or operator citing such condition, specifying the corrective action to be taken, and specifying the time period within which such action shall be taken; and, if deemed necessary such order shall state that the permit is immediately suspended, and all operations as a food-service establishment or retail food store are to be immediately discontinued. Any person to whom such an order is issued shall comply immediately therewith, but upon written petition to the Health Authority shall be afforded a hearing as soon as possible.

A permit holder temporarily ceasing operations of their own accord is not considered a permit suspension and does not count against a permit holder during a permit revocation proceeding. See Sect. F(9) of this ordinance for instances when self-closure shall be practiced.

- d. **REINSTATEMENT OF SUSPENDED PERMITS:** Any person whose permit has been suspended may, at any time, make application for a reinspection for the purpose of reinstatement of the permit. If the applicant is complying with the requirements of this ordinance, the permit shall be reinstated.
- e. **REVOCATION OF PERMITS:** For serious or repeated violations of any of the requirements of this ordinance, or when the permit holder has had two (2) suspensions of their permit during the preceding twelve (12) month period, or for interference with the Health Authority in the performance of his duties, the permit may be permanently revoked after an opportunity for a hearing has been provided by the Health Authority. Prior to such action, the Health Authority shall notify the permit holder in writing, stating the reasons for which the permit is subject to revocation and advising that the permit shall be permanently revoked at the end of 5 days following service of such notice, unless a request for a hearing is filed with the Health Authority, by the permit holder, within such 5 day period. A permit may be suspended for a cause pending its revocation or a hearing relative thereto. In lieu of the above procedures, or in addition thereto, the Health Authority may issue the permit holder or operator a citation to appear in Circuit Court for violation of any part of this ordinance.
- f. **HEARING:** The hearings provided for in this section shall be conducted by the Health Authority at a time and place designated by him. A written report of the hearing decision shall be furnished to the permit holder by the Health Authority.

The annual license fee for a food service establishment shall be determined by seating capacity and risk category. A single mobile food-service establishment, and a catering operation or kitchen that is approved by the health authority shall be included in the 0 to 50 seating capacity category. Establishments are reviewed annually in accordance with Illinois Department of Public Health guidelines to determine if they are a Category I, II, or III establishment as defined in Section 750.100 of the Food Service Sanitation Code (77 Illinois Administrative Code 750). These definitions may be revised time to time in the Food Service Sanitation Code, but generally indicate that a Category I establishment presents a high relative risk, Category II establishment presents a medium relative risk, and Category III establishment presents a low relative risk of causing foodborne illness. Category I and II establishments require additional inspections since they present a higher relative risk of causing foodborne illness based on the large number of food handling operations typically implicated in foodborne outbreaks and other factors. The Special High Risk category are establishments where 3 or more additional inspections, or more than 5 recheck inspections, were needed during the previous annual license period. The

application fee for a plan review shall be determined by seating capacity. The following fee schedule shall apply:

Seating Capacity	Annual Fees for Category III Establishments	Annual Fees for Category II Establishments	Annual Fees for Category I Establishments	Special High Risk Estab.	Plan Review Application Fees

over 100	\$385.00	\$400.00	\$440.00	\$880.00	\$240.00

The annual license fee for a retail food store shall be determined by square footage and risk category. Establishments are reviewed annually in accordance with Illinois Department of Public Health guidelines to determine if they are a Category I, II, or III establishment as defined in Section 750.100 of the Food Service Sanitation Code (77 Illinois Administrative Code 750). These definitions may be revised time to time in the Food Service Sanitation Code, but generally indicate that a Category I establishment presents a high relative risk, Category II establishment presents a medium relative risk, and Category III establishment presents a low relative risk of causing foodborne illness. Category I and II establishments require additional inspections since they present a higher relative risk of causing foodborne illness based on the large number of food handling operations typically implicated in foodborne outbreaks and other factors. The Special High Risk category are establishments where 3 or more additional inspections, or more than 5 recheck inspections, were needed during the previous annual license period. The application fee for a plan review shall be determined by square footage. The following fee schedule shall apply:

Square Footage	Annual Fees for Category III Establishments	Annual Fees for Category II Establishments	Annual Fees for Category I Establishments	Special High Risk Estab.	Plan Review Application Fees
1 to 4,999	\$145.00	\$160.00	\$200.00	\$380.00	\$110.00
5,000 to 15,000	\$220.00	\$250.00	\$280.00	\$550.00	\$175.00
Over 15,000	\$385.00	\$400.00	\$440.00	\$880.00	\$240.00

A plan review is required by the Health Authority whenever a licensed food service establishment or retail food store conducts a major remodel of food preparation or cooking areas. A major remodel shall be defined as involving the relocation or replacement of a cooking ventilation system, relocation or replacement of more than one major kitchen apparatus (dish machine, grill, fryer, etc.), or replacement of kitchen floor, wall, or ceiling surfaces.

In addition to the annual license fee, a new permit application fee shall be placed upon all food service establishments and retail food stores which have not previously obtained an annual license from the Health Authority for the facility, or those which have allowed their annual license to expire. The new permit application fee shall be \$150.00.

The annual license fee for a Fleet license shall be determined by the number of vehicles operating in Jackson County at any given time during the year. The following fee schedule shall apply:

Fleet license	Annual Fees
2 to 5 trucks	\$550.00
6 to 10 trucks	\$900.00

The Fleet License category shall include, by definition, only non-fixed mobile retail units where food is sold to the public.

The license fee for a temporary food service establishment shall be \$50.00 for each license. A maximum of 4 licenses for a temporary food service establishment shall be issued per calendar year to the same person or organization. An additional \$25 fee per incident may be billed (payable at time of inspection) if the vendor is not prepared for inspection within 1 hour after the appointed inspection time. A waiver will only be granted if the organization can demonstrate an economic need for the waiver. All fees shall be made payable to the Jackson County Health Department and shall be deposited into the Jackson County Health Department funds.

- h. **FAILURE TO RENEW PERMIT:** If a permit has not been renewed by the expiration date, then a 50% late fee will be assessed in addition to the regular fee as provided herein. If the permit has not been renewed within 7 days of the date of expiration, then the permit holder or operator may be issued a citation for operating an establishment without a valid Jackson County Food Service Permit.

**2. INSPECTION OF FOOD-SERVICE ESTABLISHMENTS AND RETAIL FOOD STORES:** The Health Authority shall inspect each food-service establishment and retail food store located in the County of Jackson, State of Illinois, at least as frequently as required by the Local Health Protection Grant Code (77 Illinois Administrative Code 615) and shall make as many additional inspections and re-inspections as are necessary for the enforcement of this ordinance.

d. SERVICE OF NOTICES: Notices provided for under this section shall be deemed to have been properly served when the original of the inspection report form or other notice has been delivered personally to the permit holder or person in charge, or such notice has been sent by registered or certified mail, return receipt requested, to the last known address of the permit holder. A copy of such notice shall be filed with the records of the Health Authority.

e. CITATION: In lieu of the above procedures, or in addition thereto, the Health Authority may issue the permit holder or operator a citation to appear in Circuit Court for violation of any part of this ordinance.

3. EXAMINATION AND CONDEMNATION OF FOOD: Food may be examined or sampled by the Health Authority as often as may be necessary to determine freedom from adulteration or misbranding. The Health Authority may, upon written notice to the owner or person in charge, place a hold order on any food which he determines, or has probable cause to believe to be unwholesome, or otherwise, adulterated, or misbranded. Under a hold order, food shall be permitted to be suitably stored. It shall be unlawful for any person to remove or alter a hold order notice or tag placed on food by the Health Authority, and neither such food nor the containers thereof shall be relabeled, repacked, reprocessed, altered, disposed of, or destroyed without permission of the Health Authority, except on order by a court of competent jurisdiction. After the Owner or person in charge has had a hearing as provided for in Section I(1)(f) and, on the basis of evidence produced at such hearing, or on the basis of his examination in the event a written request for a hearing is not received, within 10 days, the Health Authority may vacate the hold order, or may by written order direct the owner or person in charge of the food which was placed under the hold order to denature or destroy such food or to bring it into compliance with the provisions of this ordinance; provided, that such order of the Health Authority to denature or destroy such food or bring it into compliance with the provisions of this ordinance shall be stayed if the order is appealed to a court of competent jurisdiction within 3 days.

4. FOOD-SERVICE ESTABLISHMENTS OUTSIDE JURISDICTION OF THE HEALTH AUTHORITY: Food from food-service establishments outside the jurisdiction of the Health Authority of the County of Jackson, State of Illinois may be sold within the County of Jackson, State of Illinois, if such food-service establishments conform to the provisions of this ordinance or to substantially equivalent provisions. To determine the extent of compliance with such provisions, the Health Authority may accept reports from responsible authorities in other jurisdictions where such food-service establishments are located.

5. PLAN REVIEW OF FUTURE CONSTRUCTION: When a food-service establishment or retail food store is hereafter constructed or extensively remodeled, or when an existing structure is converted for use as a food-service establishment or retail food store, properly prepared plans and specifications for such construction, remodeling, or alteration, showing layout, arrangement, and construction materials or work areas, and the location, size, and type of fixed equipment and facilities, shall be submitted to the Health Authority for approval before such work is begun. Fees may be charged to offset the cost of plan reviews. Failure of the permit holder to file a proper plan for review, along with the established fee, may result in approval delays by the Health Authority. In addition, construction performed without approval of the Health Authority will need to be corrected if found to be in non-compliance.

6. PROCEDURE WHEN INFECTION IS SUSPECTED: When the Health Authority has reasonable cause to suspect possibility of disease transmission from any food-service establishment or retail food store employee, the Health Authority shall secure a morbidity history of the suspected employee, or make such other investigation as may be indicated, and take appropriate action. The Health Authority may require any or all of the following measures: (a) the immediate exclusion of the employee from all food-service establishments and retail food stores; (b) the immediate closure of the establishment concerned until, in the opinion of the Health Authority, no further danger of disease outbreak exists; (c) restriction of the employee's services to some area of establishment where there would be no danger of transmitting disease; and (d) adequate medical and laboratory examination of the employee, of other employees, and of his and their body discharges.

Governor Pritzker has issued several executive orders in efforts to minimize the spread of COVID-19. Among these Executive Orders are the requirement of wearing masks in public places, a limit on the number of people gathered in places of business, and a restriction on in-person service in restaurants.

#### 2. Liquor Licenses

The Jackson County Liquor Board issues licenses to several establishments in Jackson County. This ordinance will apply to all licenses issued for 2021.

To encourage compliance with public health measures and executive orders issued by the Governor, this Ordinance will suspend, on a quarterly basis, the 2021 liquor license fees for businesses that adhere to all requirements mandated by the Governor, the Illinois Department of Public Health, and the Jackson County Health Department.

#### 3. Enforcement

Liquor License fees are suspended for all currently licensed businesses on a quarterly basis, provided that they are found to be in compliance with the COVID mitigation measures described in Section 1. The Jackson County Liquor Commissioner shall visit various establishments and make a record of any business not in full compliance with the Executive Orders applicable at the time of the visit. Such records shall be submitted, within 7 days, to the Jackson County Liquor Board.

**First Quarter:** Businesses in compliance between January 1 and March 30, 2021, shall receive a one quarter reduction in the liquor license fees.

**Second Quarter:** Businesses in compliance during the First Quarter that remain in compliance between April 1 and June 30 shall receive an additional one quarter reduction in liquor license fees.

**Third Quarter:** Businesses in compliance during the First and Second Quarters, and which remain in compliance between July 1 and September 30, shall receive an additional one quarter reduction in liquor license fees.

**Fourth Quarter:** Businesses in compliance during the First, Second, and Third Quarters, and which remain in compliance between October 1 and December 31, shall receive an additional one quarter reduction in liquor license fees.

If, at any time a business is found by the Jackson County Health Department to be in non-compliance, the entirety of the remaining fees, including the quarter in which the non-compliance was discovered, shall be due and payable within 14 calendar days to the Jackson County Treasurer.

#### 4. Sunset

This Ordinance is in effect ONLY for the 2021 calendar year. In the event that the Governor's Executive Orders and/or mitigation efforts are rescinded, revoked, or become moot, businesses that have been in compliance up to and including the date that the Executive Orders are no longer in effect, shall have the remainder of their yearly license fees waived.
